CONTENTS

General Articles: PAGE

Changes in the Functional Residual Capacity with Deep Breathing in Normal and Emphysematous Subjects - - - - - - - - - - 3
By R. St. J. Buxton

Diagnosis and Incidence of Sarcoidosis - - - - - - - - - - 8
By Sven Löfgren

An Evaluation of the Clinical Significance of Clubbing in Common Lung Disorders - - - - - - - - - - - - - - 14
By L. Cudkowicz and D. G. Wraith

Skin Lesions in Diseases of the Chest - - - - - - - - - - 32
By P. D. Samman

Pulmonary Actinomycosis. Recovery in a Mongol - - - - - - 40
By D. M. Prinsley

Atypical Pneumonia - - - - - - - - - - - - - - 46
By John Almeyda

Developmental Anomalies of the Respiratory Tissue - - - - - - 57
By S. Engel

Tuberculin Surveys in Cumberland. Their Epidemiological Significance and Value - - - - - - - - - - - - - - - - 60
By W. H. P. Minto

Tuberculin Sensitisation in Man - - - - - - - - - - - 74
By Francis O'Grady

The Progress of Thoracic Surgery for Pulmonary Tuberculosis. (Late Results at Preston Hall Hospital, 1949–53) - - - - - - - - 83
By A. K. Golebiowski

Tuberculous Cavity Healing and Bronchography - - - - - - - 91
By N. C. Elphinstone and S. Z. Kalinowski

Pneumoperitoneum Treatment in Pulmonary Tuberculosis. A Bronchographic Study - - - - - - - - - - - - - - - 94
By H. M. Sultana

Cortisone-Antimicrobial Therapy in Tuberculosis - - - - - - 98
By Lucien H. Harris

Clinical Features of Polyarteritis Nodosa with Lung Involvement - - 114
By G. A. Rose

Pulmonary Lesions in Polyarteritis Nodosa - - - - - - - - 123
By H. Spencer

Pulmonary Eosinophilia. Report of a Case - - - - - - - - 131
By C. S. Hunter

Unusual Lesions of the Right Diaphragm. A Report of Two Cases - - 134
By M. Meredith Brown

Serial Serum Protein Changes in Pulmonary Tuberculosis - - - - - 139
By P. O. Leggatt

The Strait-Waistcoat. An Early Unrecognised Form of Collapse Therapy 146
By Richard A. Hunter and J. G. Widdicombe

PAGE

Tuberculosis Contact Firms' Surveys - - - - - - - - - - 151
By F. A. Nash

Pyrazinamide Together with Oxytetracycline in Patients with Tubercle Bacilli Resistant to Streptomycin, PAS and Isoniazid - - - - - 158
By Sheila M. Stewart, J. Mc. C. Murdoch, J. W. Crofton and David Hay

Viomycin as Operative Cover for Major Surgery for Pulmonary Tuberculosis - - - - - - - - - - - - - - - 168
By J. R. Edge, M. Kamiel, N. C. Scott and J. C. P. Weber

Resection in Pulmonary Tuberculosis. A Report on 125 Excisions in 123 Cases - - - - - - - - - - - - - - - 173
By S. E. Large, M.B.E., R. C. Curry and G. Kent Harrison

Artificial Pneumothorax under Chemotherapy - - - - - - - 181
By Brian C. Thompson

Pulmonary Tuberculosis in Old Age - - - - - - - - - - 189
By O. D. Beresford

Observations on Tuberculosis of the Breast. Report of Thirteen Cases - 195
By M. Chaudhuri

The Lungs in Heart Disease - - - - - - - - - - - - 209
By O. Brenner

Some Aspects of the Pulmonary Circulation - - - - - - - - 223
By J. Bello Morais, J. Mirabeau Cruz and Ayres de Sousa

Physiological Principles in the Management of Pulmonary Emphysema - 225
By Peter Harris and André Cournand

Chronic Bronchitis in the Aged - - - - - - - - - - - 232
By Trevor H. Howell

Lung Scar Cancers - - - - - - - - - - - - - - 237
By C. Raeburn and H. Spencer

The Pancoast Syndrome - - - - - - - - - - - - - - 246
By N. S. Dontas

Cough Fractures of the Ribs - - - - - - - - - - - - 251
By J. E. G. Pearson

Stress Fracture of the First Rib Occurring in Two Sisters - - - - 255
By F. L. Kronenberger

An Outbreak of Tuberculosis in a School - - - - - - - - 258
By P. D. Moss and J. H. Fairweather

The Combined Use of Isoniazid and Nupasal-213 in Pulmonary Tuberculosis. A Study of the Toxic Effects and the Development of Cross-Resistance between Isoniazid and Nupasal-213 in the Treatment of Pulmonary Tuberculosis - - - - - - - - - - - - - - - 265
By J. Cuthbert and L. G. Bruce

Tuberculosis in the Pottery Industry Based on Mass Radiography Investigations - - - - - - - - - - - - - - - 271
By E. Posner

The Functional Hypopituitarism of Advanced Chronic Pulmonary Tuberculosis - - - - - - - - - - - - - - - 279
By S. Shuster

Tuberculosis and Post-Graduate Study in Vienna during the Winter 1890–91 290
A Note by F. Parkes Weber

Pneumoconiosis in Foundry Workers - - - - - - - - - - 297
By A. I. G. McLaughlin
